

TEXTURA TEXTURA TEXTURED FINISH COATING

TECHNICAL DATA SHEET

PRODUCT DESCRIPTION

TEXTURA TEXTURED FINISH COATING (TFC) is a durable acrylic copolymer based coating for interior and exterior decorative facades which comes in liquid form. It allows for a long term non fading and durable textured finish.

RECOMMENDED APPLICATIONS

- Can be used to any substrate such as concrete, aluminum brick, wood or ficem boards
- Used as a reflective and decorative type wall coating

ADVANTAGES

- Ready mix product available in a wide range of colors
- It provides the owner, architects, designers with a new level of durability and performance in an elegant architecture finish.
- Can be applied to drywall, concrete, masonry substrates and EIFS
- Non-fading and non-wearing
- Mold and mildew resistant
- An excellent project time saver as it no longer requires a top coat/painting

PRODUCT INFORMATION

COLOR: Color variants available upon request

GRADE: rough and fine

DRYING TIME : Touch dry approximately 4 hours depending on thickness and temperature.

PACKAGING : 30kg

STORAGE : Store in a cool, dry place, away from direct sunlight.

SHELF LIFE : 12 months from manufacturing date

SUSTAINABILITY

Our company is committed to Carbon Neutrality thru our various programs such as our GHG Emission Reduction Logistics Approach and OPTI Trees Planting Program.

APPLICATION INSTRUCTION

Mix **TEXTURA TEXTURED FINISH COATING (TFC)** for approximately 1 minute until uniform or homogeneous consistency is achieved using appropriate mixing paddle attached to a low-speed electric drill. Apply **TEXTURA TEXTURED FINISH COATING (TFC)** directly onto the surface using a clean rubber trowel. Maintain a wet edge by applying and texturing continually over the surface until an entire wall section is completely covered.

A clear ACRYSEAL ACRYLIC SEALER can be used as a top coat if a glossy finish is required.

COVERAGE

Every 30kg pail can cover up to 20 sqm for every coat. Coverage figures are theoretical based on wastage factors, variety and nature of possible substrates.

HEALTH & SAFETY

TEXTURA TEXTURED FINISH COATING (TFC) is non-toxic

QUALITY & DURABILITY ASSURANCE

Our stringent Quality Assurance Procedure for every batch of products manufactured. Our R&D Laboratory based in our production facility ensures that scientific Quality Control Parameters are measured for quality.

Our Quality Control Parameters ensure the stability of our products, ensuring the long-term durability amid exposure to various element and weather conditions.

ENVIRONMENT

Our facility complies with the proper waste management procedures. Our products are also free of ozone depleting substances.
